

Office of the Mayor
Columbus, Ohio

November 5, 2009

Dear Lorna Wylie and the Friends of Doo-Dah;

It is with great sadness that we read of the passing of Robert "Beau" Wylie this past week, but clearly from the friends he made and the many local causes that he helped make real year after year, he led a great life and brought smiles to many in our great City of Columbus.

While we may take many differing paths in our daily lives, we are united in this community by a spirit of independence and a sense of humor. When we see the proud citizens who make events like our neighborhood festivals, Doo-Dah and ComFest so unique and special, we know we are dealing with people who love their city. Beau worked and played hard, yet still found the time and energy to give countless hours to the greatest cause there is – making his community a better, safer, more loving and fun place for all who pass through.

Sincerely,

Michael B. Coleman
Mayor
